

SINGER®

ORIGINAL SINCE 1851.

M2400 SEWING MACHINE

FEATURES & BENEFITS

8 STITCHES

Basic stitches for key sewing techniques. The straight stitch, zigzag, multi-stitch zigzag, blind hem stitch for stretch fabrics, blind hem stitch for non-stretch fabrics, picot edge stitch, decorative scallop and a four-step buttonhole.

EASY STITCH SELECTION

Stitches are clearly displayed on the Stitch Selector Dial. Just turn the dial to select your stitch.

ADJUSTABLE STITCH LENGTH

Use the Stitch Length Dial to customize stitches for various sewing techniques and decorative applications.

FOUR-STEP BUTTONHOLE

Buttonhole sewing is a simple four-step process, clearly marked on the Stitch Selector Dial to help you make the buttonhole the size you need for your project.

QUICK AND EASY THREADING

Simple-to-follow threading guides for winding the bobbin and threading the upper thread are conveniently marked directly on the machine.

FULL METAL FRAME

This internal rigid metal support keeps your machine stable and helps ensure long lasting durability.

FRONT-LOADING BOBBIN

The machine uses a SINGER® Class 15 (transparent style) bobbin. Just place the bobbin into the bobbin holder, draw up the bobbin thread and you're ready to sew.

ADJUSTABLE THREAD TENSION

Depending on your fabric and thread selection, the Thread Tension Dial can be used to fine-tune the look of your stitch as desired.

STAYBRIGHT™ LED LIGHTING

Long lasting LED lighting provides bright illumination of the sewing area to help eliminate shadows.

EXTRA HIGH PRESSER FOOT LIFT

Offers more clearance under the presser foot, which is needed when placing multiple layers or thick fabric underneath it.

FREE ARM

Slide the Removable Storage Compartment off the machine to access the free arm for sewing cuffs, collars, trouser hems and more.

FREE ACCESSORIES INCLUDED

Button Sewing Foot. Other included accessories are: Pack of Needles, Seam Ripper/Lint Brush, Screwdriver, Extra SINGER® Class 15 Bobbins (transparent style), Spool Pin Felt and Darning Plate, and Soft Dust Cover. Accessories can be stored inside the Removable Storage Compartment.
